

Norwich Girl Starts Westerly Fire

Miss Crumb Thoughtlessly Lighted a Match, which She Threw Out the Window—Political Interests—St. Onge-Murphy Marriage on Monday.

The republican state and congressional conventions will be held on the Monday in Providence next week and the republican of Westerly will meet on Thursday evening to select delegates to these conventions. It is probable that one set of delegates will be elected for both conventions, and that the delegation will be unanimous for the renomination of Congressman George H. Tyler.

The caucus in Westerly will be of a dual nature, as besides the selection of delegates to state and congressional conventions, there will be the selection of committees of seven members each from the First and Second representative districts, which combined will constitute the town committee. It is therefore evident that the republican town committee of Westerly, according to the plan of the state, will be the largest in the country. In small cities the chairman of the five ward committees constitute the town committee.

But, in comparison, Westerly is advantageously peculiar in many political respects. Here, there are no hired political workers, the candidates for town and state offices are not required to pay over to the committee from \$10 to \$50 each, as in many instances the total election expenses of the party is not in excess of \$10. There have been decisions when the only party expense was the payment of caucus advertising. Therefore, political graft, as far as it is yet to be introduced into local politics.

Later there will be other caucuses to nominate two representatives to the general assembly, one from the First district and one from the Second district, for in Rhode Island representation is by district. The same significance as the senatorial and congressional districts in Connecticut. That is, there must be a caucus in each district in each district in the town, while in Connecticut, even in the largest cities, it would be within the limits of law to elect the two representatives from the same residence.

In the nomination of a senator, the two districts are combined in one caucus, but the representatives are nominated in two separate caucuses. Senator Louis W. Arnold, who has represented Westerly in the upper branch of the general assembly for many years will probably receive renomination without opposition, unless Albert H. Langworthy, who has been representative from the Second district for half a dozen times, insists on promotion, and take the place of political ascendancy, or burial. It is understood, however, that Mr. Langworthy is no imitator of Steve Broke, and is a candidate for renomination without apparent opposition.

Joseph T. Murphy, the representative from the First district, is out for renomination for a third term.

Easy to Get Rid of Corns THIS Way

"GETS-IT," the New Corn Cure, Guaranteed

"Corns Gone! GETS-IT Got 'Em!" "GETS-IT" is the new-plant corn cure that will surely surprise you the very first time you use it. No more painful, quick and sure in its action. It strikes up the corn, wart, callus or bunions, separates them from the true flesh, the corn comes off, and there you are with a foot that feels positively glorious; corn-free once more, as they used to be in your "barefoot days."

The most remarkable feature is that "GETS-IT" does not burn or turn raw the healthy flesh as other preparations do. It is as safe as water. No more blisters, bandages or salves.

"GETS-IT" is sold in drug stores, at 15 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, sold in Norwich by The Lane & Osgood Co. and H. M. Lerou & Co.

NERVOUS DESPONDENT WOMEN

Find Relief in Lydia E. Pinkham's Vegetable Compound—Their Own Statements So Testify.

Plates, Pa.—"When I wrote to you first I was troubled with female weakness and backache, and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's vegetable compound, and I don't have any more crying spells, I sleep sound and my nervousness is better. I will recommend your medicines to all suffering women."

—Mrs. MARY HALSTEAD, Plates, Pa., Box 98.

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound will be opened, read and answered by a woman and held in strict confidence.

Walcott, N. Dakota.—"I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if any one even spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued in use and now I am a well woman."

—Mrs. AMELIA DARR, Walcott, N. Dakota.

STONINGTON

North Main Street Improvements Completed—Request That Ballot Boxes Be Returned from Washington—Fifty Qualify in First District.

The new layout of North Main street was completed last week. Section Foreman Thomas Culligan and his men finished the planning between the tracks. The lines of the road-way bordering the heart-shaped park are now visible, and the road is open to public travel. The railroad and street car gates have received attention, being looked over by an expert machinist from Providence. They are in good working order. Many times during the heavy winds last winter the operation of the tower had to be suspended and the crossing flagged by the man in charge.

Married by Judge Hinckley.

Friday evening Judge E. B. Hinckley united in marriage Miss Mary Lewis and Joe Costas of Stonington. They were given a joy ride over the town in the automobile of Attorney B. H. Hewitt, who was a witness to the event.

Want Ballot Boxes Back.

Application has been made to Congressman Dodge at Washington, D. C., for the return of the ballot boxes owned by the towns in Windham and New London counties which were sent there for the Higgins-Jodola contest. The town officials hope to recover them for the November election and save the expense of having new ones made. The sample ballot for the election to be held Monday, October 7, arrived in the town on Saturday and are being distributed for the instruction of electors. The board of registration has had a lively time of singling out disqualified names on the list and 50 qualified to vote October 7. Of this number 15 took democratic caucus slips and 13 republican, leaving 21 who made no choice. Part of these 21 was believed.

Borough Interests.

Miss Helen Chamberlain has returned to Brooklyn, N. Y., to resume her studies in the normal household science department at Pratt institute.

Church Debt Paid.

A bequest of \$9,000 was made by Mrs. Julia Flaherty to St. Patrick's church of this place. The indebtedness incurred in the erection of the new edifice under the pastorate of the Rev. Chas. A. Leddy was in the neighborhood of \$10,000, which this bequest has paid.

Cats of London Tower.

Two stories of the intelligence and sympathy of our feline friends were told me during one of my numerous visits to the tower of London while I was living in England.

Southampton was a prisoner in the tower with the Earl of Essex during Elizabeth's reign. In some strange way or by some unrecognized faculty, a favorite cat of his found his abode and suddenly appeared to him, having made an entrance down the chimney. After his release by James I. Southampton had his picture painted with his faithful friend at his side. This portrait, I believe, can today be seen at Wilbeck Abbey.

The other tale is of Sir Henry Wyatt, who was committed to the tower during the reign of Richard III, and suffered much from want of clothing and food. He would have perished if a cat had not come down into his room and warmed him by lying on his breast and saved him from starvation by bringing in an occasional pigeon caught on the leads. Although the keeper was under orders not to improve his food, he agreed to cook anything which Sir Henry provided, and the pigeons which the cat brought saved his life. He also had a picture painted, showing the cat offering a pigeon through the bars of the cell.
